

LONGARM SERVICE OPTIONS

Choose from one of the following options:

Drop off

By prior arrangement. Drop your machine off in the morning and collect in the afternoon. Most servicing can be done in around 4 hours.

Collection and Return

Courier pickup and return can be arranged from £80 inc insurance. You will need the original box or boxes. Ideal for Sweet 16, Simply 16, Moxie and Moxie XL.

On Site Servicing

We can quote for servicing on site. This will include a £50 callout charge. For longer distances we will try to arrange multiple servicing (up to 2 per day) to spread the cost of accommodation and travel.

We can include distance servicing and accommodation.
